

## ACTIVITY: LOOKING AT STUDENT WORK CONSULTANCY PROTOCOL

### Student Work Analysis Worksheet

#### **Low Inference Observations**

*Low inference observations are descriptions of observable facts, free of interpretation or judgment.*

#### **Implications for Teacher Planning and Preparation**

*What are the implications for designing instruction and assessment?*

*What would evidence of the selected shift for literacy (found in the Citywide Instructional Expectations) look like in future CCLS-aligned student work?*

*What are the next steps for teachers and teacher teams in planning a CCLS-aligned unit?*
